

# MANAGER WETLAND RESTORATION

**Be part of one of the most significant environmental restoration projects of its kind.**

The restoration of the Winton Wetlands is a unique project of international significance. Twenty million dollars has been committed to return Lake Mokoan to wetlands to create a world leading environmental and cultural hub.

A once in a lifetime opportunity awaits to join the leadership team as Manager Wetland Restoration. This diverse role will lead infrastructure, restoration and community engagement projects – a key player in making the vision of a world class wetland come to life.

Success in this role requires a dynamic individual with strong project management skills, the ability to engage and lead, experience in environment and land management and a passion for and understanding of ecological restoration.

**Confidential enquiries to Fiona McAllister on 03 9417 5567 or go to [www.lakemokoan.com.au](http://www.lakemokoan.com.au) for more information.**

Applications by midday 10th May to [ceo@fmconsult.com.au](mailto:ceo@fmconsult.com.au) or fmconsult, PO Box 1488, Collingwood VIC 3066.
